The attached form may be used to request an amendment to a record of your medical care. We are required to amend your medical record , upon request, unless (1) we did not create the information, (2) we do not maintain the information as part of your record, (3) we determine that the information is accurate and complete as currently recorded, or (4) the information is the type that would not be available to you for inspection. Please be aware, however, that under no circumstances will we delete or alter the original documentation in the medical record.

If we did not create the information that you want to have amended, you may submit reasonable evidence that the person or organization that originally created the information at issue is no longer available (i.e., evidence that the doctor who created the information has died, etc.), and we will consider your request.

We usually respond to requests for amendments within 60 days of receiving them. You may expect to receive a response or a notification of delay within that approximate period. If we deny your request to amend, you may submit a one page/word statement of rebuttal, which will be included in all subsequent disclosures of the information at issue. If you choose not to submit a statement, we will include a copy of this request for amendment in all subsequent disclosures of that information, upon receiving your written request to make that inclusion.

For more information about amending a medical record, you may contact our Legal Correspondent, at **(239) 624-6568**. Note, however, that requests for amendment must be in writing and will not be accepted over the phone.
