

## Simple Process

If you don't have a Reprax account, create one using the instructions below.

Once you have completed your registration and submitted any credential documents required of you, Reprax will review and process your submissions.

Please note that all of our reps must be part of the Reprax. If you fail to comply with this requirement, you will not be permitted inside our facilities.

We look forward to continuing to work with you and your company. For questions regarding the registration and credentialing process, please call Reprax.

### How to Create a Reprax Account

# Compliance Guide

EMERGENCY

# We are committed to providing the best patient care available.

As a healthcare industry representative, you are an integral part of this process, and it is a priority of ours to ensure that we, and our vendors, are compliant with hospital policy and Joint Commission standards.

## We Are Part of Reprax

All vendor representatives will now be required to provide information in agreement with all our standards for environmental health, safety, privacy, and quality.

In order to help with this credentialing process, we have joined Reprax's nationwide community. Reprax provides an Internet-based service that allows our reps and hospital departments to navigate our compliance goals in an efficient, easy and comprehensive manner.

By using Reprax as our exclusive vendor credentialing service, we are one of the thousands of facilities immediately available to you if you have satisfied outstanding requirements.

**It is a requirement that all reps successfully register and satisfy outstanding requirements through [www.reprax.com](http://www.reprax.com).**

This must be completed before you will be able to enter our facilities to visit any department. Your visitation and selling privileges will not be activated until this requirement is met.

# Nothing. Nada. Zilch.

# Zero.

Reprax doesn't believe reps should pay for something they don't need. That's why Reprax works with healthcare facilities to create fair and reasonable credentialing requirements based on a rep's role within a facility.

If a rep isn't required to satisfy credential requirements, the membership is free. Reps who are required to submit credentials purchase an annual premium membership, which is valid at all Reprax facilities. Individuals will not pay a separate fee for each facility they visit.

Below is a chart showing what features each membership offers.
