Health Services*

NCH Healthcare System, Inc.

For the Year Ending September 30, 2019

Purpose of this report

Not-for-profit community organizations serve a charitable purpose for their communities. They receive the benefit of little or no tax responsibilities in return for fulfilling their charitable mission.

In Florida there is no standard method to perform a comparison of the value of the tax exemptions received to the amount of charitable services delivered, but the healthcare industry standard is the "Texas" method. Annually, the State of Texas requires not-for-profit organizations to prepare a "community benefits" statement. In this statement, they must meet certain thresholds to retain their not-for-profit status. The report that follows uses this methodology.

This report clearly demonstrates that NCH Healthcare System, Inc. has met its obligation as a tax-exempt organization in 2019. As indicated on page 6, the amount of charity, subsidized Medicaid services and community benefit expenditures provided by NCH Healthcare System, Inc. exceeded the value of its tax exemption by **\$65,969,943**.

Texas Law - Charity Care and Community Benefits Standards

A not-for-profit healthcare system must meet **one** of these thresholds of charity care and government-sponsored indigent health care (unreimbursed costs of Medicaid) along with charitable programs and services to the community. These standards are:

1. Charity care and unreimbursed costs of Medicaid provided in an amount equal to at least 4% of the healthcare system's net revenue. And combined charity care and unreimbursed cost of Medicaid and community benefits of at least 5% of the healthcare system's net revenue.
2. Charity care and Medicaid provided in an amount equal to at least 100% of the healthcare system's tax-exempt benefits, excluding Federal Income Tax.
3. Assessing if the healthcare system complied with a needs assessment submitted in the prior year. (Not applicable.)

As a non-profit organization, supplies are purchased using a sales tax exemption. Under Florida Administrative Code, some medical supplies are specifically exempt from sales tax. This exemption was applied to the appropriate supplies and subtracted from total supplies purchased, to arrive at those subject to Florida sales tax.

Assumptions:

Sales tax for the State of Florida is 6%.

Conclusion:

If NCH Healthcare System, Inc. were a taxable entity, it is estimated it would have paid property taxes in the amount of \$ 3,547,558 .

Methodology:

Tangible property tax would be paid by NCH Healthcare System, Inc. if it were a taxable entity.

Assumptions:

Net book value has been used as a proxy for an assessed value that would have been determined by the property appraiser. The appraiser would have used a complex aging schedule and residual values. The tax rate on tangible property in Collier County, Florida would be approximately 10.694 per \$1,000 in 2019.

Assumptions:

Fixed equipment and movable equipment additions made in prior years should have capitalized sales tax paid. A seven year tax life has been used. Florida state sales tax is 6%.

Conclusion:

If NCH Healthcare System, Inc. were a taxable entity it is estimated it would have incurred sales tax expense of \$2,243,428 and had an estimated depreciation deduction of \$1,254,387 on equipment purchases.
